CITESCORE 1.3 SCOPUS

Selected Papers from CEES 2021, the first International Conference on Construction, Energy, Environment and Sustainability (Coimbra, 2021), on the topic of Sustainable Construction Materials and Technologies

Guest Editor:

Dr. Enrico Zacchei
Itecons, Rua Pedro Hispano s/n., 3030-289, Coimbra, Portugal

enricozacchei@gmail.com

Deadline for manuscript submissions:
14 February 2022

Message from the Guest Editor

This Special Issue is related to the first International Conference on Construction, Energy, Environment and Sustainability (CEES 2021) which is taking place in Coimbra, Portugal, from 12 to 15 October 2021, and is being organized by Itecons, University of Coimbra (UC) in collaboration with Instituto Superior Técnico, University of Lisbon (IST).

In this Special Issue we are looking for high quality original research papers related to the following topics:

- Construction quality control systems
- Construction management
- Construction industry challenges
- Prefabrication
- Virtual design and construction
- Building Information Modelling (BIM)
- Automation in construction
- Smart buildings
- Digital information
- IoT/AI in the construction industry
- Sustainability and risk assessment
- Construction 4.0
- Rehabilitation, retrofitting and refurbishment and conservation heritage
- Other topics related to sustainable infrastructures and sustainable construction processes

Editor-in-Chief

Dr. Pedro Arias-Sánchez
Applied Geotechnologies Group, Department of Natural Resources and Environmental Engineering, School of Mining and Energy Engineering, University of Vigo, 36310 Vigo, Spain

Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *Infrastructures* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

Author Benefits

Open Access:—free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: Indexed by Inspec (IET) and other databases, Scopus (2019 CiteScore: 1.3)
Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 11.6 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2020).
